### IV. Other relevant information

---

1 Please provide any other relevant information related to the implementation or enforcement of the EUTR that may not have been fully captured elsewhere in the national report:

The worldwide Covid-19 pandemic made the implementation of EUTR harder in many ways -inspections, raising awareness, etc.

2 Please provide any suggestions you may have that could improve the implementation and/or enforcement of the EUTR :

We would appreciate holistic database of all producing countries in the world with specific requirements on due diligence.  
Furthermore, there is missing any legal binding document helping us prohibit the conflict timber (for example in Myanmar). On Myanmar the conclusion has been made however, there is very low support for CA's within this frame.
